T EWKESBURY D ENTAL

Newsletter Autumn 2015

What's New this Autumn...

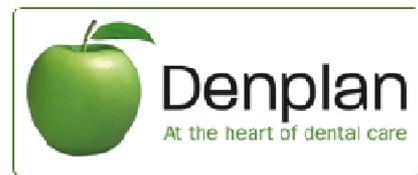

Some of you may have spotted an exterior paint refresh at Tewkesbury Dental – watch out for the signage with our new logo (above) to follow soon!

Also, we've welcomed two new staff members in recent months –Karen McBride (Practice Manager) and Hannah Bradley (Dental Nurse) who join Alison Roux (Receptionist) and Mr Ruparelia (owner and practitioner).

TEETH WHITENING

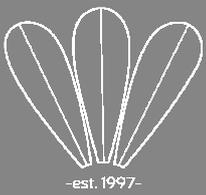

Often been curious about the effectiveness of teeth whitening products?

Visit www.sabertoothwhite.com and in particular the review and FAQ sections to learn more about the professional no-light, tray, do-it-at home method available at Tewkesbury Dental. A FREE whitening pen is sent to every patient who completes an online review after their treatment! Our price of £205 includes 3 visits, full training and everything you need to keep your smile bright!

Current members of the monthly payment plan will soon be receiving their contract details for 2016 direct from Denplan. For those who have always been tempted, October could be the time to sign up, as all registrations during the month will receive a free dental health goody bag (worth £20 RRP). Denplan has a range of plans, but even “Essentials” is value for money, providing 2 check-ups, 2 scale and polish treatments, 2 x-rays per year AND 10% off any other fees!

“**Brilliant Botox®**” is how some of our patients refer to the wrinkle reduction treatment that they receive at Tewkesbury Dental. Nothing to do with celebrities or exaggerated features – simply an extra confidence boost thanks to a little gentle and natural-looking wrinkle reduction treatment - and at prices that won't break the bank!

“So many people have commented on how fresh my face looks but haven't guessed why! So very pleased with the natural result”

Before (raising eyebrows)

After (raising eyebrows)

We know from referrals and patient feedback that satisfaction levels are high for 2 important reasons:

- ◇ Botulinum Toxin Type A medical products (commonly called Botox®) are available only on prescription and should always be administered by a medical practitioner skilled and experienced in the face and neck areas. This is the case at Tewkesbury Dental.
- ◇ The consultation is a key part of the treatment – to understand what the patient is seeking to achieve, give advice and tailor the treatment precisely to the individual. In this way, those who seek a natural look or a subtle improvement will be delighted. This is our forte!

Prices for wrinkle reduction treatment start at £147 for one area. We offer free 15 minute, no obligation consultations, and non-chargeable follow-up reviews after every treatment. Our loyalty card (free), provides a free treatment in 1 area following any 3 paid sessions during a 12 month period. Introduce a friend, and both parties receive a free gift of Heliocare advanced SPF 50 facial cream (retails at £20) ! Other treatments include facial peels and derma fillers.

Accepting New Patients for dental and facial aesthetics

If you have friends or family who are looking for a dentist or for facial aesthetics, please note that we offer FREE, NO OBLIGATION 15 MINUTE CONSULTATIONS for anyone interested in meeting us, asking questions or having a chat before any treatment.

Just call us on 01684 295900 or email us at admin@tewkesburydental.co.uk
